a bit more About Us

Founded in 2009, Akki Studios started as a Web Development and Design Agency. Ever since our inception, we are focused on delivering premium services that benchmark industry standards and are par excellence.

Adapting the trends, tech advancements and verticals over the decade, we outshined ourself as a full-service agency that offers over 20+ services which are client centric and result oriented.

Today, our operations reach out to over 45+ Countries across the globe while navigating challenges ranging from timezones to language barriers.

the studio

Our Workspace

Located in Mohali, India

We've crafted an inspiring workspace that fosters creativity and collaboration. Natural light and a thoughtfully designed layout create an environment where ideas flourish.

Every corner of the studio is carefully crafted from scratch ranging from the furniture to the artwork on the wall.

We believe that great workspace leads to great work. Hence we offer a creative, comfortable, and well-equipped environment that empowers our team to deliver exceptional results.
